This book divides New England into Sectional Maps (No. 1-99). These Sections run in Tiers, reading up (from south to north). Each Tier cuts into about ten Sections (from west to east). Thus New York City (Map No. 1) begins the series of Maps. Then comes the tens, twenties up to No. 99 in farthest Maine.

HIGHWAYS

Each link white or black, means a mile.

78 VINAL HAVEN, ME.

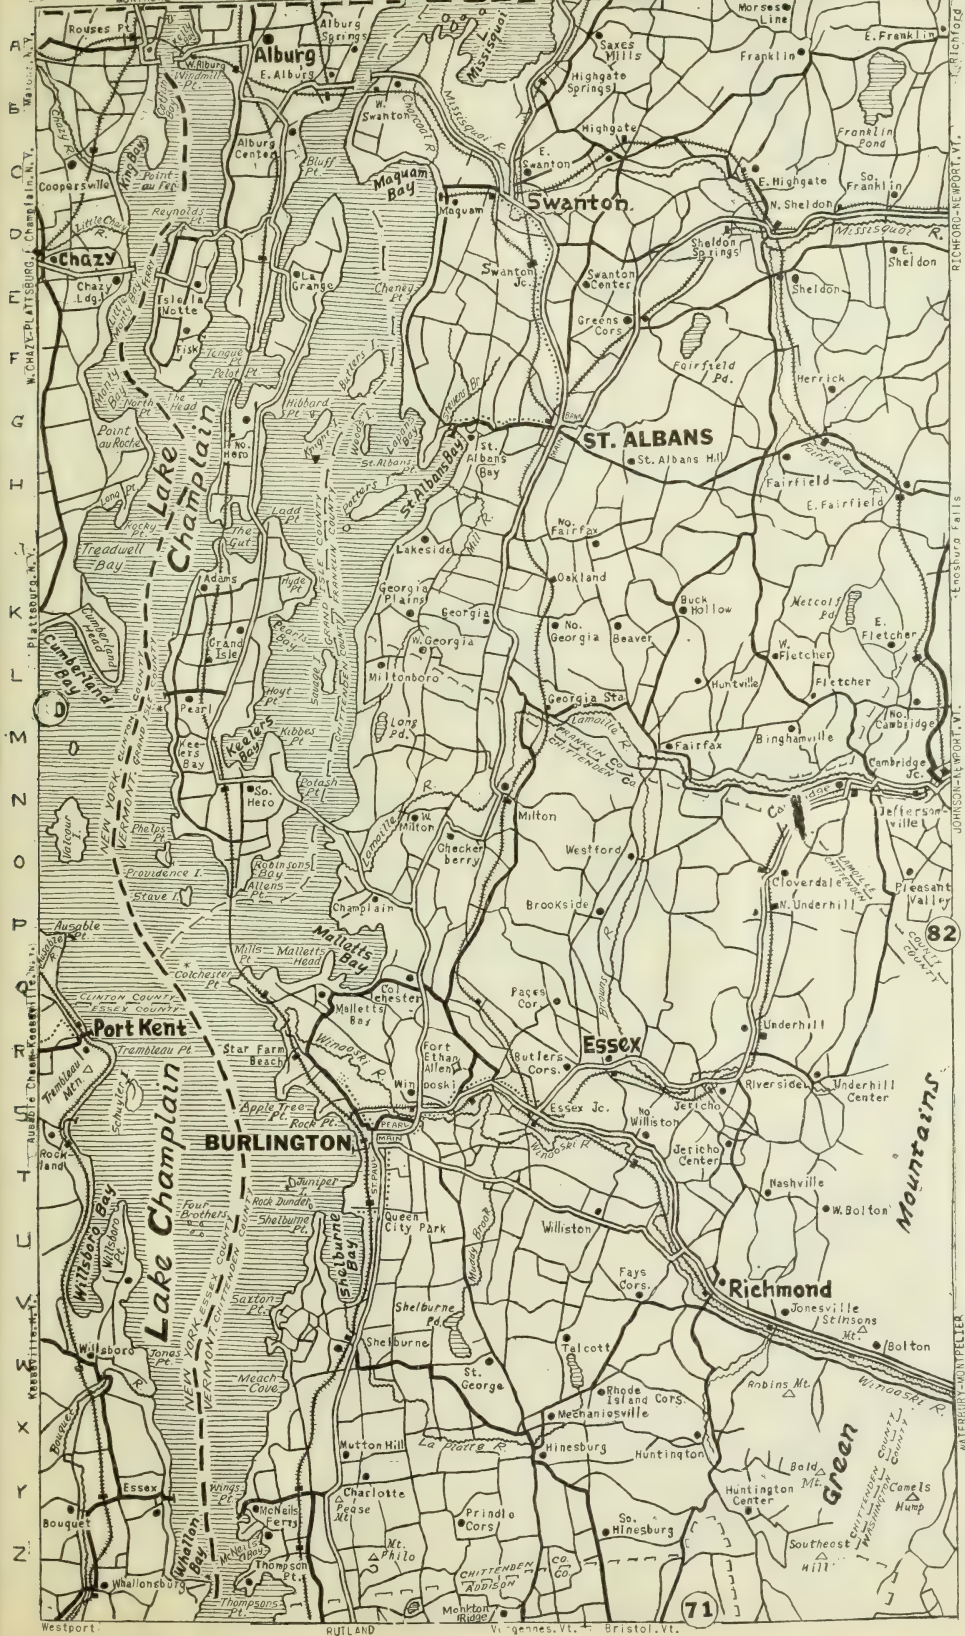

This is a detailed topographical map of the Adirondack Park region in New York, specifically showing the border between Essex and Hamilton counties. The map is oriented with North at the top. The Ausable River flows from the north towards the south, with its tributaries, the Chateaugay and Saranac rivers, joining it from the west. The map shows numerous towns and villages, including Plattsburg, Keeseville, Ausable Forks, and Lake Placid. It also depicts various mountains, lakes, and roads. The map is labeled with "ESSEX COUNTY" and "HAMILTON COUNTY" to indicate the county boundaries. The Adirondack Park is labeled at the bottom. The map includes a scale bar in the bottom left corner, showing distances in miles. The map is a black and white reproduction of a historical map.

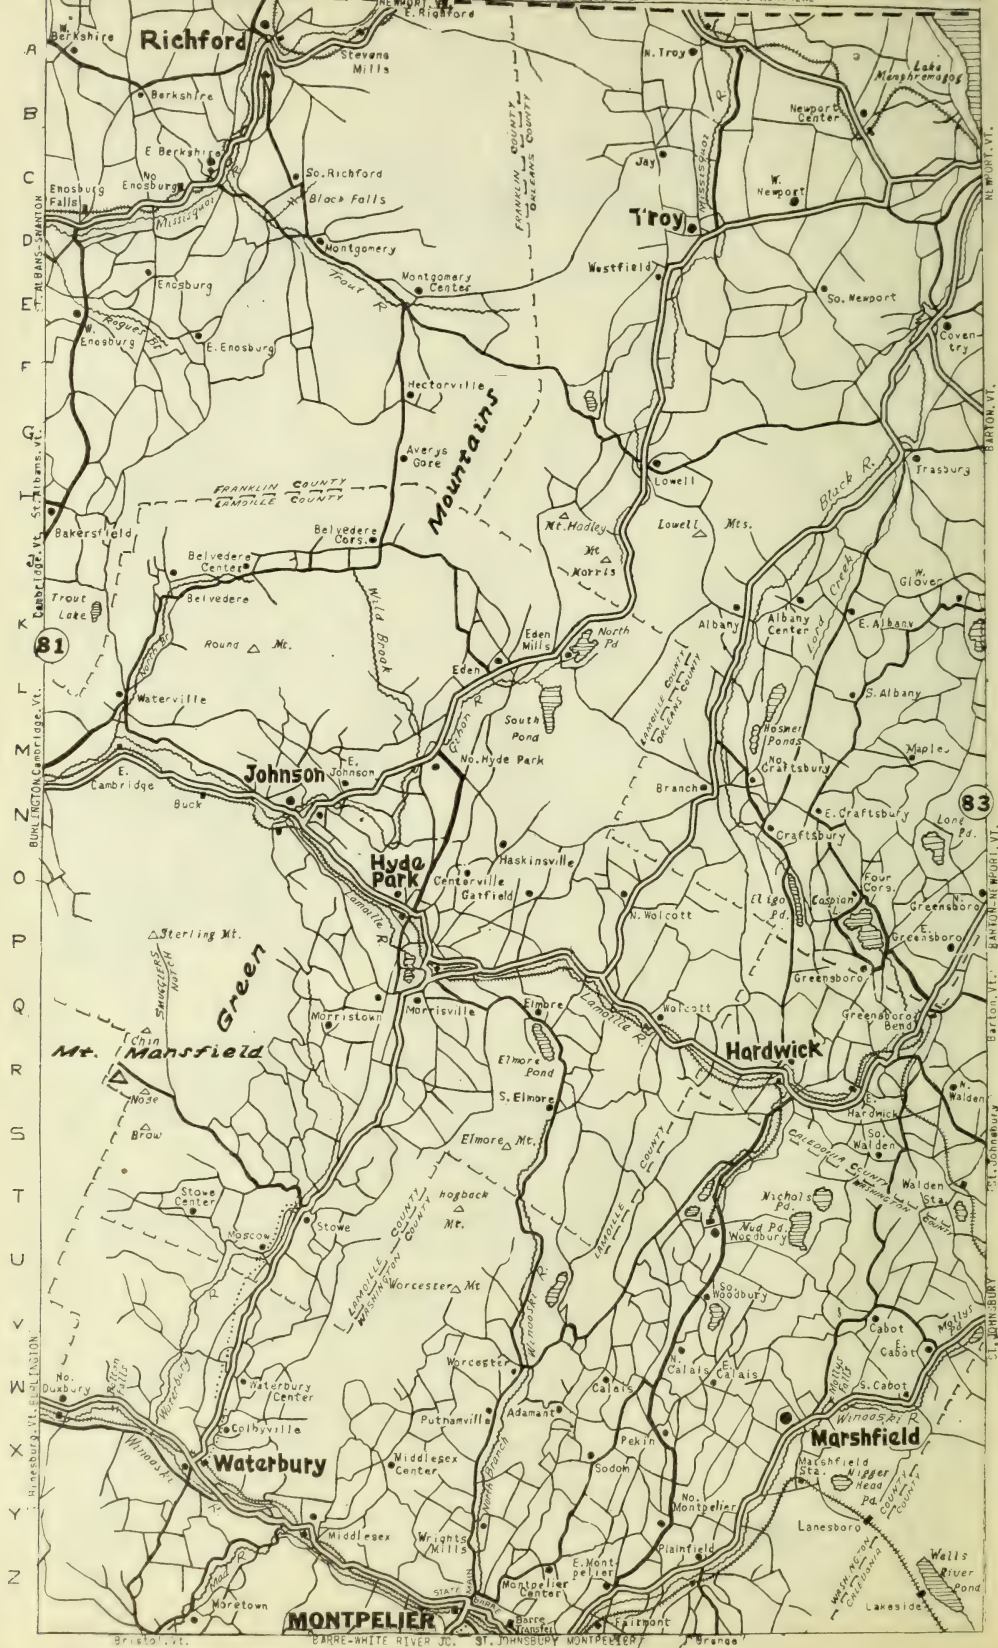

This is a detailed topographical map of the Adirondack Park region in New York, specifically showing the border between Essex and Hamilton counties. The map is oriented with North at the top. The Ausable River flows from the north towards the south, with its tributaries, the Chateaugay and Saranac rivers, joining it from the west. The map shows numerous towns and villages, including Plattsburg, Keeseville, Ausable Forks, and Lake Placid. It also depicts various mountains, lakes, and roads. The map is labeled with "ESSEX COUNTY" and "HAMILTON COUNTY" to indicate the county boundaries. The Adirondack Park is labeled at the bottom. The map includes a scale bar in the bottom left corner, showing distances in miles. The map is a black and white reproduction of a historical map.

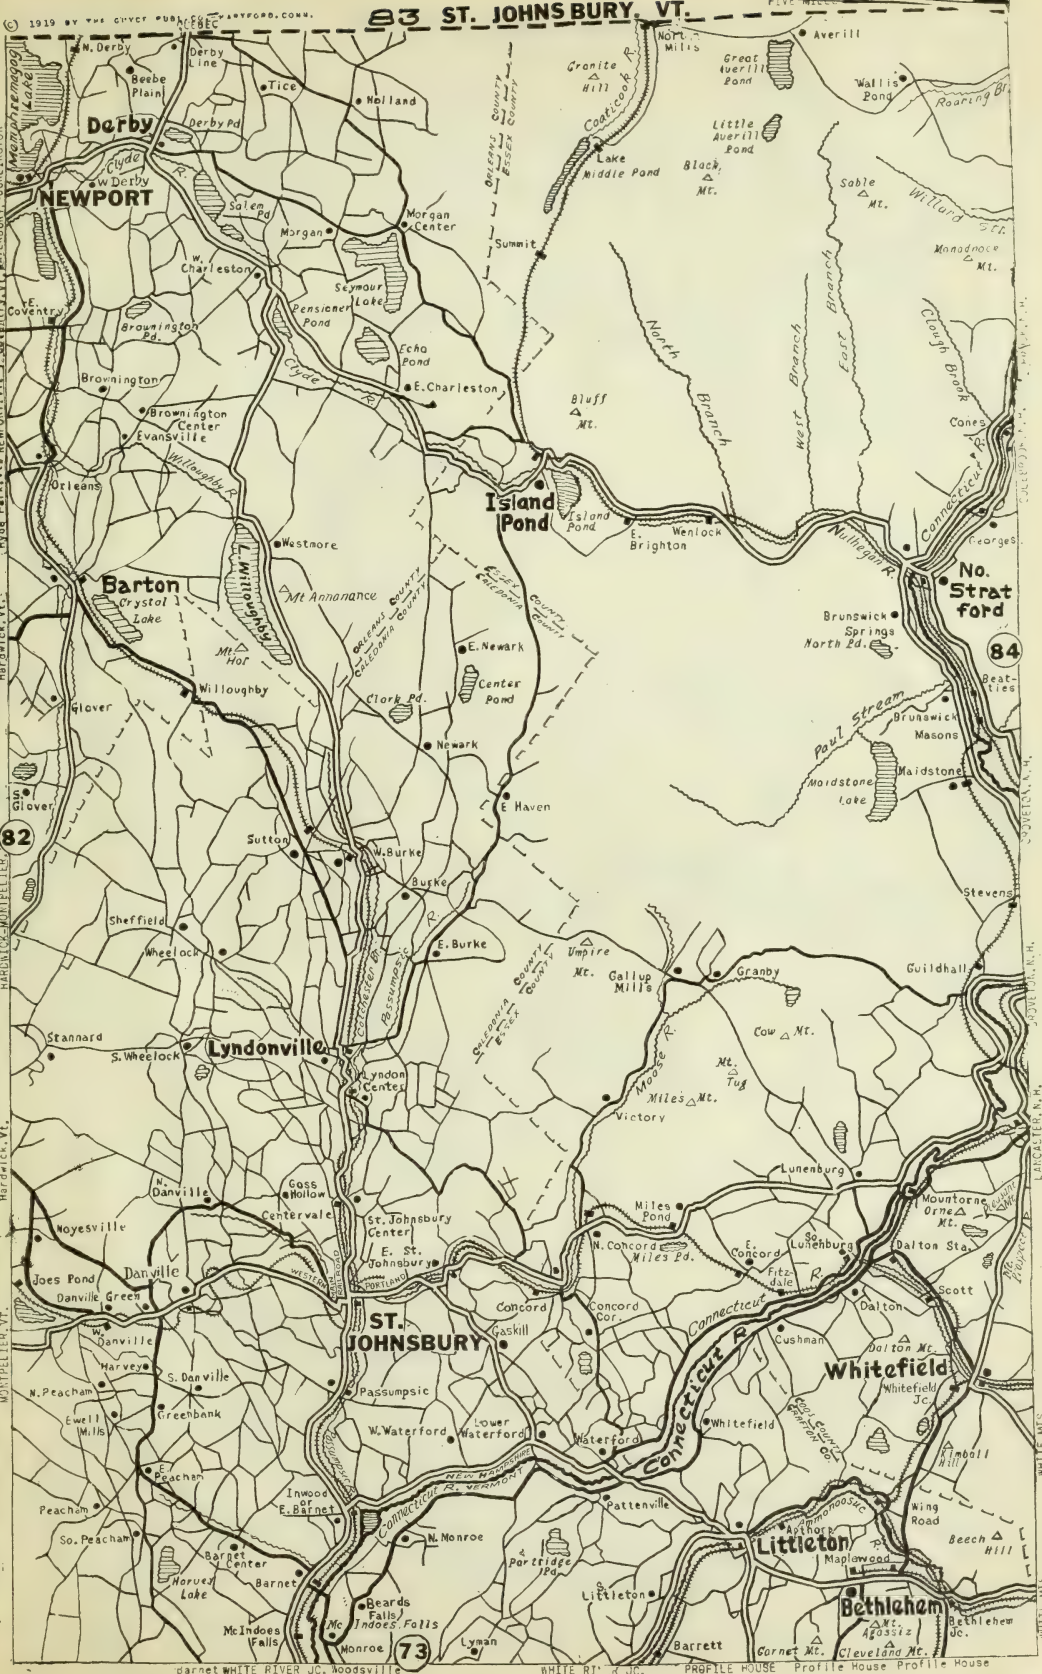

This is a detailed topographical map of the Adirondack Park region in New York, specifically showing the border between Essex and Hamilton counties. The map is oriented with North at the top. Major towns and cities are labeled, including Plattsburg, Keeseville, Ausable Forks, and Keene. The Adirondack Park boundary is indicated by a dashed line and the text 'ADIRONDACK PARK'. The map shows a network of rivers, including the Ausable River and its tributaries, and several large lakes, such as Lake Placid and Lake Champlain. Mountain peaks are marked with triangles and labeled, including Mt. Terry, Mt. Elmore, and Mt. Baldface. The map also shows various smaller towns, villages, and hamlets, as well as roads and trails. The overall terrain is rugged, with many mountains and valleys. The map is a black and white line drawing, typical of older topographical maps.

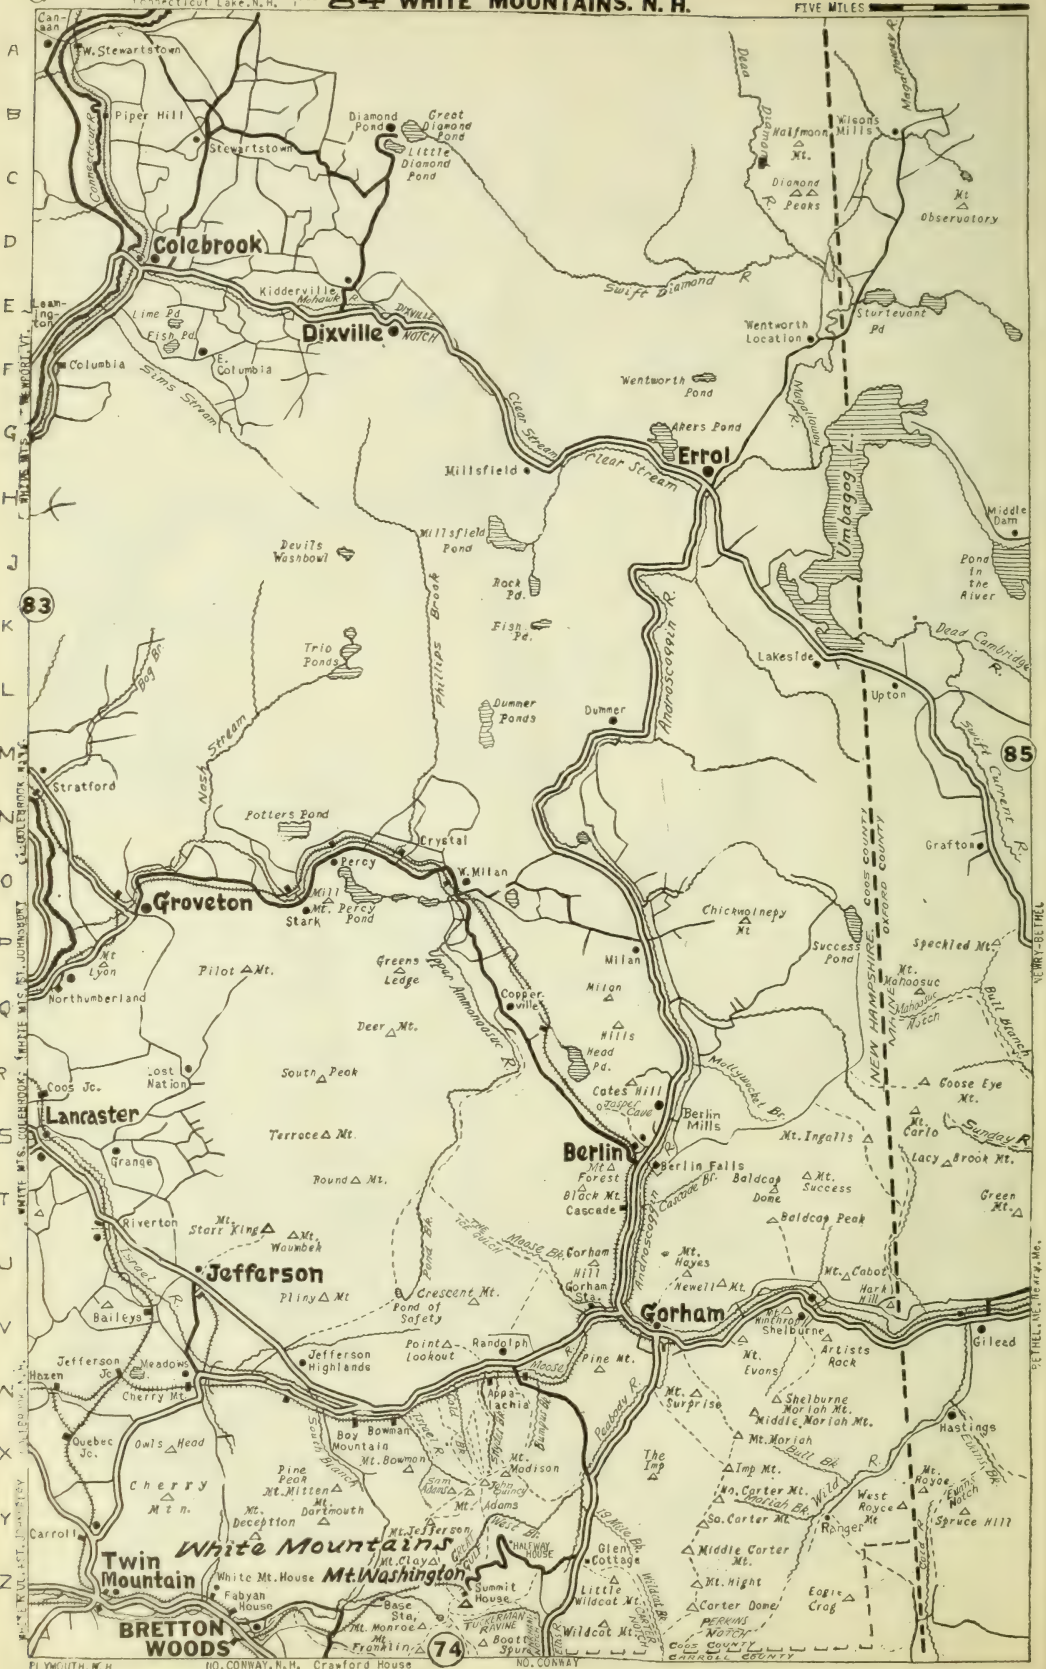

This is a detailed topographical map of the Adirondack Park region in New York, specifically showing the border between Essex and Hamilton counties. The map is oriented with North at the top. Key features include:

- Geographical Features:** The Ausable River and its forks (Ausable Forks) are prominent. Other features include Lake Placid, the Adirondack Park boundary (indicated by a dashed line), and various mountains and hills such as Mt. Terry, Mt. Elmore, and Mt. Baldface.
- Towns and Settlements:** Major towns shown include Plattsburg, Keeseville, Ausable Forks, and Keene. Other smaller settlements like Keeseville, Keeseville, and Keeseville are also marked.
- Counties:** The map clearly delineates the borders of Essex County and Hamilton County.
- Infrastructure:** Roads and railroads are shown, with some roads labeled with numbers like 81 and 70.
- Scale and Orientation:** A scale bar at the bottom indicates distances in miles (0 to 10). The map is oriented with North at the top.
